Product Size: 17.5 cm x 9.5 cm
Structure: 3-Layer Non-Woven
BFE \geq 95% : Compliance with Standard YY/T0969-2013

Conform with European Standard 14683: 2019

Inner Side (white)

Ultra-Soft Elastic
Non-Woven Ear Loop
For The Wearer's
Comfort and Safety

Outer Side (blue)

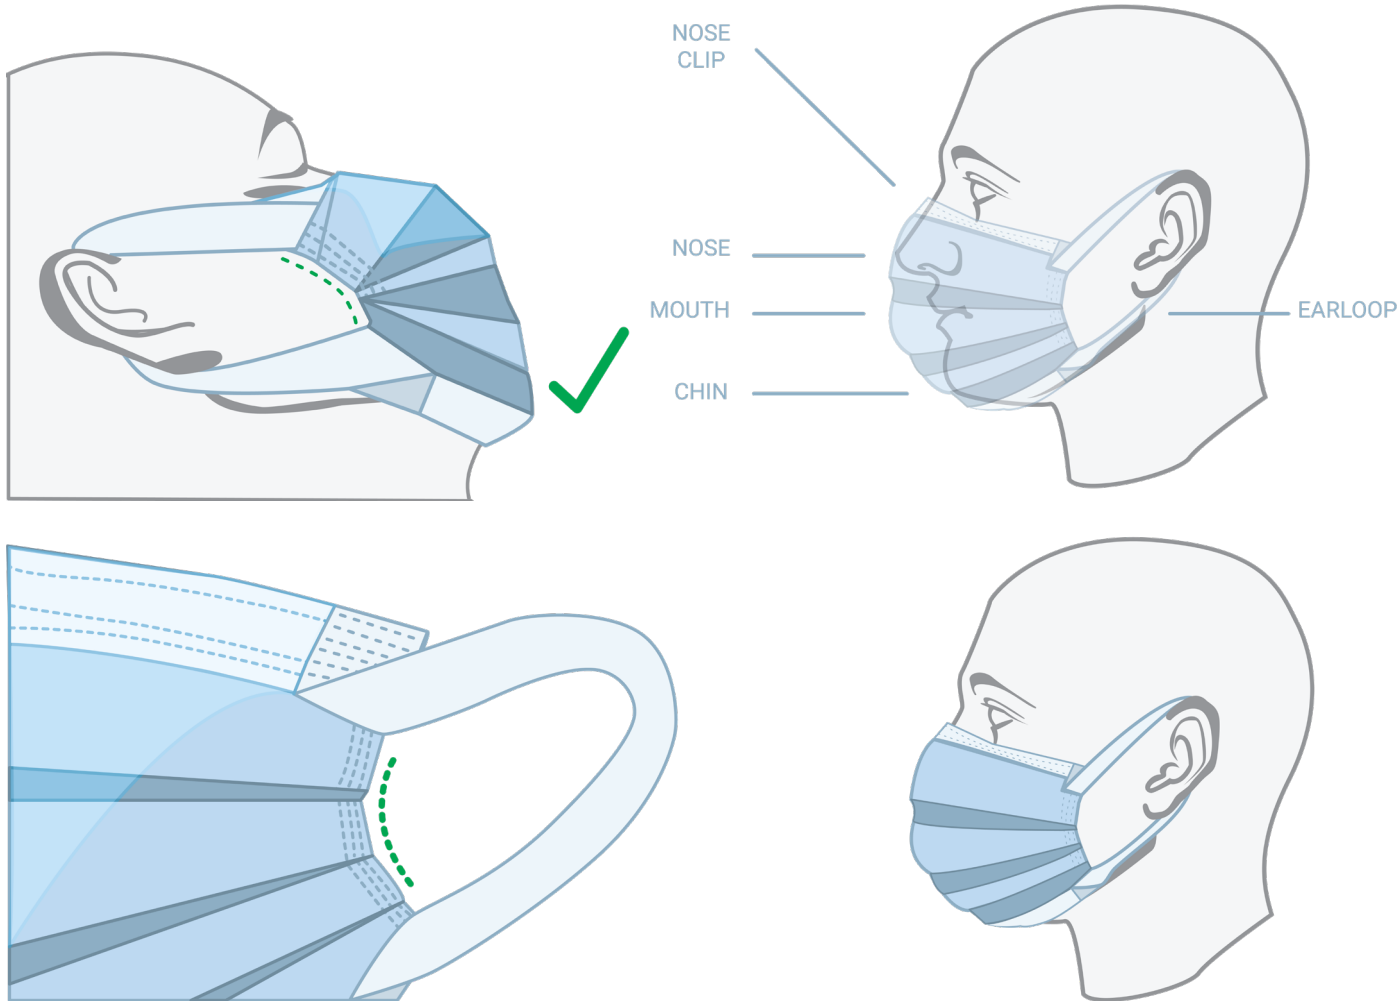

Single Packaging

Box Packing

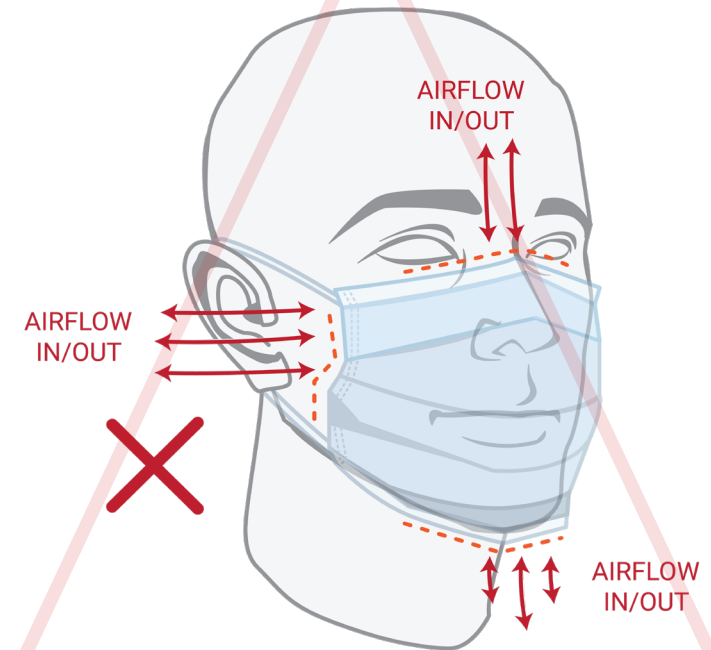

Our Medical Face Mask has elastic ear loops and flexible edges, designed in a way to perfectly stick to the surface of the skin, without crumpling up at the folds. This ensures full coverage of protection over the face, and filtered airflow.

The clip comfortably sits on the nose, and can be easily adjusted to the wearer's comfort.

Regular surgical face masks do not offer this protection, because their edges are not sticking on the skin.

This means that the airflow is going from all sides inside and outside, allowing bacteria to easily enter.
